

This on-line course list exhibits some of the innovative electives students in Batavia High School are offered. Whether using moodles for discussions of literature, studio art, or Biology, these courses challenge teachers to use technology to enhance their instruction and help students explore their interests in exciting new ways.

Page Turners Discussion Teacher: Karen Shuskey	The use of this resource will allow Page Turners to discuss the books on our list as well as to post questions and answers to practice for competition.
Shuskey Knights and Castles Teacher: Karen Shuskey	Mrs. Shuskey's class.
The Elements of Art; They're Elementary! Teacher: Deb Meier	As in cooking, Studio Art uses different ingredients to create each piece of artwork. In the Art world, we call these ingredients the "Elements of Art." There are seven Elements in All: Line, Shape, Color, Form, Texture, Space, and Value. Each artist uses these in different combinations to create their own masterpieces. Understand the Elements, and you will soon be on your way to a great Art experience.
Poetry - Beatnik Coffee Hour Teacher: Jill Felte	In this class, second graders will read poetry online, and will then make a podcast of their favorite poem that will then be performed for parents at the annual "Beatnik Cafe".
Country Research 101 Teacher: Karen O'Donnell	Let's learn about the country your family comes from. Ask your parents or grandparents what they know about your ancestors.
