Practice: **Monitor student learning**

This "Monthly Calendar" uses letters for codes of conduct and is one way teachers monitor and communicate about student learning. A teacher says, "This calendar helps motivate students to follow all classroom rules as well as complete class work and homework." It also helps with parent communication on a daily basis and allows students to see what academic subject area they need to improve in.

Name: _____

April

G = Good work and behavior
F = Fair amount of work effort and behavior
U = Unsatisfactory work and/or behavior:

Sunday	Monday	Tuesday	Wednesday	Thursday	Friday	Saturday
