Graduate Academic Council
2010 – 2011

Minutes of the Council meeting of October 12, 2010
Approved by the Council on November 3, 2010

In attendance: J. Baronner (staff), J. Bartow (staff), F. Bolton (staff), S. Chittur, S. Commuri, C. Fox, L. Fuller, L. Kranich, H. Miller, T. Timmons, K. Williams

1. Dean’s report – K. Williams

Members were sent the NRC rankings. About 2/3 of our PhD programs were included. The Dean will forward his description of the findings and summary notes. The NRC used several ranking methods, and the summary provides a range for each program across the various methods. The SUNY Board of Trustees is interested in how our programs fared.

2. Chair’s report – L. Kranich

The minutes from 9-24-2010 were approved via email by 6-0-0.

The Chair compiled a list of issues and concerns with the proposal by the School of Business for a Graduate Certificate in Informational Security. This was forwarded to Sanjay Goel and Ray Bromley and we are awaiting their response.

The Senate met on September 27. There was no substantive business since the councils had not yet met. The only items were the approval of the council and committee memberships and the election of two council chairs as senators. A controversy arose over the disproportionate representation of CNSB among the council chairs (40%) as well as the recent appointment of a CNSE student as the new Senate parliamentarian.

The Senate Executive Committee met on October 4 shortly after the President announced the suspension of admissions to programs in French, Italian, Russian, Theatre and Classics. Nearly the entire meeting was devoted to a discussion of the proposed deactivation. Several of the suspended programs are graduate programs. The Chair will forward a list of those provided in a letter sent by the President to Senate Chair Eric Lifshin. This will be the sole agenda item for our meeting on October 26. In the meantime, the Chair will compile a list of members’ questions and concerns. In addition, members should consider what data they wish to review and whether such data is available.

The President and Provost have stated the decision was based on quantitative/enrollment considerations and is not a reflection of the quality of the programs.

Some preliminary discussion followed.

The Chair will forward some data on enrollments obtained from the Institutional Research website. Also, the final reports of the BAG committees are available on MyUAlbany and the final draft of the Going Forward Plan is available on the Provost’s Office website.
The President has asked for comments by November 19.

3. New Business:

By a vote of 8-0-0, the Council approved new membership rosters for the standing committees containing one replacement member of GAC and three students named to serve on GAC.

The remainder of the meeting was devoted to discussion of CAA program assessment reports.
