**Understanding Your NY Health Insurance Program (NYSHIP) Retiree Benefit**

Did you know that to meet the current NYSHIP eligibility requirements at the time of retirement employees must have the following:
- Have at least 10 years of NYSHIP eligible service,
- Be at least 55 years old, and
- Be enrolled in a NYSHIP plan at the time of retirement.

**UAlbany Health Benefits Administrator Kathy Zazarine** will outline a framework for understanding how your NYSHIP benefits work within your retirement package as well as offer you a snapshot of the current benefits. You’ll walk away with a general knowledge of the NYSHIP basics to help you understand the steps you need to take when preparing for retirement. A brief Q & A period will be included. NOTE: Dental and vision benefits and individual health benefit estimates will **not** be included in the program.
