

## **Admissions Criteria for New EAPS School Leadership Programs**

25 October 2004

### **Official Guidelines**

- Applicants must have a Master's degree in education or related field
- Applicants for the school district and school business programs should have completed the building level program.
- Applicants with little or no coursework in curriculum and instruction may be required to complete appropriate coursework in those areas.
- The application must provide evidence of leadership capacity and potential (e.g., internship experience, administrative experience in education or comparable professional sectors) as well as academic qualifications.
- Three letters of recommendation are required. A mix of letters from professors and practitioners is preferred. At least one letter should be from a professor. The letters should address the applicant's academic qualifications and leadership capacity and potential.
- Competitive g.p.a. required for admission.
- Please submit a current resume.
