Thursday, December 8, 2016
7:00 - 8:00 p.m.
University at Albany
Uptown Campus - Education 335

A career as a classroom teacher offers a unique chance to make a difference in the lives of children while providing a sense of fulfillment difficult to find in other professions. Within the field of education, special education teachers are particularly valuable as they possess a unique set of skills that allow them to succeed with students who struggle the most within the school environment.

Now is a perfect time to consider a career in special education as there are critical shortages of certified special education teachers within New York State and the Nation.
