Faculty Please Note: Based on your nomination, the Dean’s Office will contact the student and ask him/her to complete the student scholarship form. This information will be provided to the faculty for consideration in ranking scholarship nominees. **Complete application materials will be more competitive than those application/nomination packets that are incomplete.** In addition, there is an independent committee for three scholarships, with each requiring a statement from the student. This process allows faculty nominated students to be considered for these scholarships as well.

Please include a couple of sentences about the student you are nominating in the space below.
