*Inquire. Inspire. Transform.*

Open House and Education Encounter

Thursday, April 6, 2017
5:00 - 7:00 p.m.
UAlbany Uptown Campus - Education 113

- Please join us as we bring together ETAP faculty and past, current and prospective students. This event is designed to facilitate community building and networking around exciting ideas and learning opportunities. We will learn about one another’s academic and professional interests, prospects, careers and career plans in a casual conversational setting. Get energized to inquire, inspire and transform education!

- The professors will be in! You will have ample opportunities to talk to our faculty in person (open-door style) and learn about their current research. They are all eager to meet you and answer any questions you may have about the research we are doing, the programs we offer and to help you gain the most benefits from our expertise.

- Current PhD students and alumni are encouraged to create a poster board about your research. This will be a unique opportunity to discuss and display recent work and share this information with other attendees.

- An informal gathering will take place following this event at a local venue in order to continue the conversation.

  - The first 25 graduate students or alumni to RSVP will qualify for a personalized SQR code.
  - Refreshments will be provided.
  - All visitors will be entered into a raffle!
