PROJECT DESCRIPTION/SCOPE:

In an effort to upgrade campus mechanical and lighting systems and reduce our utility costs, the University has partnered with the New York Power Authority (NYPA) to develop and implement a comprehensive energy efficiency project.

As part of the project, NYPA will be conducting lighting audit of buildings in the Academic Podium starting Thursday, April 2, 2009. They would need access to all spaces within the building. The process is not expected to affect normal building operation. However, please be prepared to allow NYPA representatives access to the spaces. Thank you for your cooperation.
