PROJECT DESCRIPTION/SCOPE:
Contractors will be performing night demolition of existing ductwork. The work will be performed from 10:00 pm until 6:00 am. Refer to the attached table and plan for the specific dates and locations.

Starting Monday, May 17, the contractors will start the re-construction of several lightwells. During some of the re-construction, it is required that certain building Air Handling Units be shut down. Refer to the attached table for the specific dates and locations.

Please note the shutdown times were chosen to coincide with the normal planned (2) week central plant shutdown to minimize the effect to University operations. Refer to the Facilities Alert issued April 22.

POTENTIAL IMPACT ON SURROUNDING AREAS: (please check all that apply)

- [ ] Change in access/egress
- [x] Dust
- [ ] Noise
- [ ] Ventilation
- [ ] Other:
- [ ] Odor
