Waste - All trash the university produces is brought to the Albany Landfill on Rapp Road.

Mixed Paper - Cardboard and other paper products are brought to Cascade Recycling on Fuller Road.

Compost - Organic waste is sent to composting facilities in Schenectady and Columbia County. Lawn waste is composted here at UAlbany.

Construction and Debris (C & D) - Construction related waste number can vary widely depending on the amount of active projects.

Electronics - Computer related waste is picked up by RC&R and sorted at their facility in Rochester, NY.

Metal - Metal is picked up by Eastern Metal Recycling of Green Island, NY.

Other - Batteries, oil, kitchen grease and lamps.

Commingled - Glass, plastic and aluminum are picked up by Waste Management and then sorted at their facility in Liverpool, NY.
