Dr. Kamiar Alaei and the Global Institute for Health and Human Rights, in collaboration with GIHHR co-founder Dr. Arash Alaei, are developing faculty-faculty and student-student collaborations on public health projects with universities in Kazakhstan.

One of these projects was done in collaboration with Dr. Altyn Aringazina, DSc, PhD, Head of the Department of Population Health and Social Sciences and Professor at Kazakhstan Medical University “KSPH.”

Elmira Alikeyeva, a PhD candidate from Kazakhstan Medical University “KSPH” who is an intern of the Global Institute for Health and Human Rights, received the Third Place Best Poster Presentation Award at the 3rd International Conference of “Personalized Medicine and Global Health.” The conference was held September 15, 2017, at Nazarbayev University in Kazakhstan.

Alikeyeva, who received the award for her project “Risk Factors of Unfavorable Outcomes of TB in HIV-Infected,” has worked with a number of students at the University at Albany, SUNY, and received mentorship for her project from Drs. Alaei and Dr. Aringazina.

Alikeyeva is working on the National Tuberculosis Program in the Ministry of Health in Kazakhstan.

Dr. Arash Alaei, Dr. Kamiar Alaei, and the Global Institute for Health and Human Rights congratulate Elmira Alikeyeva on her award, and are excited to develop more student-student, faculty-faculty collaborations internationally.
