2017 Clean Energy Summer Fellow

Position Overview:
The Alliance for Clean Energy New York (ACE NY) is seeking a Clean Energy Summer Fellow to assist in our work promoting renewable energy and energy efficiency in New York. The Fellow would be assisting ACE NY staff in our participation in several ongoing proceedings at the New York State Public Service Commission, including the Reforming the Energy Vision (“REV”) proceeding and the Clean Energy Standard (CES) proceeding, in which New York is designing the structure to achieve its 50% renewable energy by 2030 goal. The Clean Energy Fellow will conduct research and analysis of clean energy policies; draft written comments on proposed clean energy policies; monitor activities related to clean energy in the New York State Legislature; assist in updating the ACE NY website; and develop written outreach materials regarding our clean energy policy goals. This is a paid position based in Albany, NY.

About ACE NY:
The Alliance for Clean Energy New York (ACE NY) is a member-based organization with a mission of promoting clean, renewable electricity technologies and energy efficiency in New York State, in order to increase energy diversity and security, boost economic development, improve public health and reduce air pollution. We are a member-based advocacy organization, and our members include a variety of renewable energy and energy efficiency businesses, as well as public interest environmental organizations. Our work focuses on building market opportunities for renewable energy and energy efficiency businesses through policy advocacy at State agencies and the Legislature. ACE NY is the New York State affiliate of the American Wind Energy Association and the Advanced Energy Economy Institute.

Required Qualifications:
This position is open to current graduate students seeking a master’s level degree in business administration, public policy, environmental studies, energy policy, or a related field, with a demonstrated interest in clean energy policy. Recent master’s graduates with a degree in these fields are also encouraged to apply. Preference will be given to candidates with website experience and strong communication skills.

To Apply:
Interested applicants should email both a resume and cover letter with the subject line “CLEAN ENERGY SUMMER FELLOWSHIP APPLICATION FOR [insert name]” to Zack Dufresne, zdufresne@aceny.org. Applicants should feel free to also send references or writing samples, although it is not required. Additional information on ACE NY is available at www.aceny.org. ACE NY is an equal opportunity employer and does not discriminate in hiring or employment on the basis of race, color, religion, national origin, gender, marital status, sexual orientation, age, disability, veteran status, or any other characteristic protected by federal, state, or local law.
