Join the UAlbany Green Scene in the 2016 RecycleMania Competition! UAlbany has been an active member of the annual RecycleMania Competition since 2007. While we have seen a significant reduction in our waste totals, we believe that our recyclable numbers can go up!

Basketball Game Recycling

UAlbany Students for Sustainability (USS) will be sponsoring the recycling program happening at UAlbany basketball games, where we pick up recyclable bottles in efforts to make the sports games more sustainable.

Anyone or any group is welcome to lend a hand. Community service hours can be given.

To sign up, please visit the USS MyInvolvement page, click on forms, and select the basketball game you are available to volunteer. For more information, please email the Sustainability Council's Recycling Chairs Aggie Pijanowski (apijanowski@albany.edu) and Jessica Tsang (jtsang@albany.edu), or visit the Office of Environmental Sustainability in BA 309.

Get Caught Green Handed

Look out for the UAlbany Green Scene on Thursdays from 11am-2pm. Students caught practicing the 3R's will be rewarded with small giveaways and prizes. Whether it be recycling an old water bottle, filling up a reusable one, or using your travel mug!
