Ph.D./CAS Application Questionnaire

The Department of Literacy Teaching and Learning requires the following questionnaire in lieu of the “Candidate’s Statement of Goals” on the application form:

1. Why are you interested in the PhD/CAS in Literacy? What are your goals?

2. What experiences led you to seek an advanced degree in this area?

3. Who among the department faculty do you envision as being your mentor?

4. What researchers, theorists, or writers have been major influences on your thinking about literacy teaching, learning, and educational policy?

5. Is there anything in your academic, work, or other life experiences that you would like department members to take into consideration as they review your application?
