

**University at Albany
State University of New York**

GRADUATE APPLICATION FEE WAIVER REQUEST

The University at Albany is unable to acknowledge receipt or begin processing of graduate applications submitted without the required application fee. University guidelines permit waiver of this required fee only for those applicants who can evidence prior or current participation in a qualifying educational opportunity program. Typically, that would include but not be limited to Project 1000, EOP, HEOP or similar specially targeted higher education opportunity programs. Applicants may request waiver of the application fee through submission of a written request to the Director of Graduate Admissions along with accompanying documentation of prior participation in a qualifying educational opportunity program obtained from their school officials. Applicants may also request waiver through submission of this form by obtaining affirmation of prior participation in an opportunity program from authorized school officials. Demonstration of receipt of prior financial aid does not qualify as participation in an opportunity study program.

Name of Applicant: _____

U.S. Social Security Number: _____

Proposed program of study: _____ Semester: _____ Year: _____

Prior Institution Attended as opportunity program enrollee: _____

Opportunity Program Type (check below):
