Mozilla Firefox Troubleshooting

If you cannot see the availability colors, the lock in the URL bar is your problem.
Left-click on the lock icon. Then click on the right arrow.

Click on “Disable protection for now”.

Verify the link is secure.
Now you will be able to see the color-coded floor plan.

Click on an orange apartment to view the spaces in the “Facilities Information” section as the top. You will then be able to select a person for yourself and anyone else in your group (one at a time).

When you are satisfied with your room selection, be sure to click SUBMIT!
