

Student Leadership and Healthy Lifestyle

The Student Leadership and Healthy Lifestyle House is a living, learning community focused on student leadership in an environment free of alcohol and other drugs. This program was initiated by students who were interested in living with other students who shared their interests in participating in both on campus and off campus programs that do not revolve around substance use. Although there is already a strongly enforced expectation that all residence hall rooms and public spaces comply with all federal, state, and college regulations related to the use or possession of alcohol and other drugs, the SLHL program offers an additional measure of support for those individuals who choose not to drink or use drugs.

Healthy Lifestyle living environment is defined as an area where all residents and their guests (including those of legal drinking age) agree to keep the room free at all times from substances that have the potential to damage their health or the community. These substances include, but may not be limited to, the following:

- alcohol
- tobacco products (including smokeless)
- illegal drugs and drug paraphernalia
- illegally obtained prescription medications

Students requesting to reside in this residence building agree to abide by the following community standards:

1. Participation in at least one community service program a semester.
2. Attend monthly residence hall meetings/programs.
3. In addition to the use of substances (as defined above) being prohibited within Tappan Hall, problematic behaviors that result from residents being under the influence of alcohol and/or drugs (i.e., drunkenness, vomiting, damages, etc.) are also prohibited. Such behaviors will be considered a violation of this agreement and can be processed judicially.

"I have read and understood, and agree to abide by the terms and conditions of this Student Leadership and Healthy Lifestyle Housing Agreement. I understand that this agreement shall remain in effect throughout my residency in Substance Free housing. I understand that violation of this agreement may result in administrative or judicial action which may include a reassignment to other College housing."
