Independent Study Proposal
(IST 669)

Please submit this form to the Information Science Office (Draper 113) at least one week before you plan to register. You should already have discussed your proposal with the faculty member who will supervise your study. The study should be at least equivalent in its demands and effort to a regular course of equal credit. It may not substitute for any course in the curriculum. Your proposal must be approved and signed by the faculty supervisor before submitting it for the chair’s approval.

I, __________________________ request approval for the following independent study, to be taken in _______________

Print Name ____________________ Semester Year _______________
