Additional Ensemble 3 crs.
A Mus____ 1-2____
A Mus____ 1-2____
A Mus____ 1-2____

Additional Requirement
Composition Recital (Composition) or Research
Project (Musicology, Theory)

*Admission to these programs requires
permission of the appropriate departmental
committee. A minor is not required for a
departmental program. Responsibility for
advisement will be transferred to the Music
Department upon declaration of this major by the
student. See the back side of this sheet for
additional information.
All majors must:

1) be able to read music and
2) satisfactorily pass a departmental aptitude examination which will be administered during the first scheduled class in the fall semester. A Mus 110 (Rudiments of Music) may serve as preparation for the major. In addition, a noncredit competency exam in piano is given at that time. Those deficient in this area will be required to enroll in A Mus 265 (Keyboard Harmony and Performance). A grade of C- or higher in A Mus 265 will be needed to satisfy this requirement. Credit for A Mus 265 will not apply toward major or minor requirements.
