
Greetings Teachers and Staff,

It is with much pleasure and anticipation that I look forward to working with you and our students for another phenomenal school year. We hope that you are rested and peaceful with the arduous task ahead to prepare our children to exceed standards and expectations.

The key to fulfilling and exceeding expectations in our students begins within us to examine the past, learn from mistakes and move forward to the calling of greatness in each of our lives. Once we realize where the true greatness resides within ourselves the children we serve daily can only benefit.

The summer is always a time for us to reflect and replenish the energy and efforts we have invested in caring, planning and implementing academic success in our children throughout the school year. I hope that you have refueled and come ready to serve.

So, we welcome you back a the 2010-2011 school year to pour out again your very best energy, lesson planning and caring that makes Centennial such a great school! I invite you to join me to reach another level of GREATNESS.

To achieve this next level I will be challenging you to make changes, to read more educational articles, to present grade level workshops, to integrate technology in your instructional delivery to name a few. You must be in top professional shape to equip our children with the very best that you have to offer. The children are depending on us!

I know that you are eager to get started on your rooms. Therefore, starting Monday, August 23rd to Monday, August 30th from 8:00 a.m. to 3:00 p.m. the building will be available. We expect you see you on September 1st and 2nd for Superintendent Conference Days. The first day of school for students is Tuesday, September 7th. The first day of school for kindergarten is September 7th.

Sincerely,

Instructional Leader
Principal
