

**University at Albany Summer Research Program
Summer 2007 Oral Presentation Day Schedule
Friday, August 3, 2007**

Time	Name	Research Topic	Faculty Mentor
8:30 am	Alice Forestal, University at Albany	"The Identification of Nitrated Tyrosine in Actin"	Dr. Arnold Johnson, Stratton VA Medical Center
9:00 am	Kevin Frison, University at Albany	"Mechanisms of anti-proliferation of AFP-derived peptide in Human Breast Cancer Cells"	Dr. Lin Hung-Yun, Ordway Research Institute
9:30 am	Darnelle Gillot, U. Penn.: Mansfield	"Raman Spectroscopic Studies of the Cataract-Producing Mutant R14C of Human gamma-D Crystallin (HGD)"	Dr. Jayanti Pande, UAlbany, Chemistry Dept.
10:00 am	Dennis Iyekegbe, University at Albany	"Sodium Channel and The Molecular Biology of Pain"	Dr. Sho-Ya Wang, UAlbany, Biological Sciences
10:30 am	Monarth Jeannot, University at Albany	"Synthesis and Characterization of Thyroxine Analogs"	Dr. Shaker Mousa, Albany College of Pharmacy
11:00 am	Fraulin Joseph, University at Albany	"Identification of novel genes that modulate the toxicity of the Chemotherapeutic Drug Carmustine"	Dr. Thomas Begley, UAlbany, GCECG
11:30 am	Kendra Joseph, University at Albany	"Improving Our Ability to Assess and Provide Treatment for Veterans who Served the OEF/OIF Conflicts"	Mr. Paul Postigilione, Stratton VA Medical Center
12:00 pm – 1:00 pm	Lunch	Lunch	Lunch
1:00 pm	Francelina Morillo, University at Albany	"Aspects of the Tip-of-the-Tongue Phenomenon in Human Cognition"	Dr. Jeanette Altarriba, UAlbany, Psychology Dept.
1:30 pm	Shaka-Idusuyi Oghomwen, University at Albany	"Analysis of Antigen Presenting Binding by Proliferating T-Cells"	Dr. William Lee, David Axelrod Institute
2:00 pm	Bienvenida Ozorio, University at Albany	"Developing a Mentoring Research Program at the Samuel S. Stratton Veterans Affairs Medical Center"	Ms. Judy Shaw, Stratton VA Medical Center
2:30 pm	Tracey Pacheco, Cornell University	"Preparation of Pentafluorosulfanylated Carbonyl Compounds"	Dr. John Welch, UAlbany, Chemistry Dept.
3:00 pm	Dimitri D. Vaughn II, University at Albany	"Cubane Synthesis for 193nm Immersion Fluids"	Dr. Robert Brainard, UAlbany, CNSE

Location: Oral Presentations will convene in Lecture Center: 5
