The Living-Learning Community application is part of the University at Albany’s housing application process, available through your MyUAlbany account.

- Select the community you would like to join from the list
- Select your potential major (including “undecided”), so we can be sure the L-LC is a good fit for you
- Tell us why you would like to be a member of the L-LC you have chosen and how you can contribute to that particular community

Students who are selected to be members of their chosen L-LC will be notified via university email beginning in late June.

The Office of the Vice Provost for Undergraduate Education works to provide opportunities and pathways for students to be active and engaged in their studies, both inside and outside the classroom.

World of Psychology

“Being in a living learning community helped me find friends and learn about majors. It showed me there were so many opportunities here.”
- L-LC student

Recent national studies have shown that living-learning communities positively impact student success!

**World of Psychology**
The World of Psychology is designed for incoming freshmen who intend to major in psychology. The focus will be to educate students about all the different branches of psychology and to prepare them with the tools they will need to be successful at UAlbany. Students will take classes and live with others who share their interest in psychology and will also get to meet and start developing important relationships with psychology professors. L-LC members will participate in a variety of activities including:

- Guest speakers knowledgeable in the many areas of psychology and psychology research
- Social gatherings with your L-LC friends
- Resume building, interview skills and presentations by Career Services
- Exploring different careers that psychology majors pursue
- Planning for your future as a psychology major through panel discussions, events, and activities

**Living**
As a member of the World of Psychology you will live with other incoming freshmen who share your interest in psychology.

**Learning**
You will take one or two of your classes together in the fall and spring semesters of your freshman year, and attend co-curricular events together as a community.

**Community**
As a member of an L-LC you will have a built-in community of friends and colleagues right from the start!

- **Friends**: Study and socialize with fellow L-LC members. Tackle those first-year courses with your friends by forming study groups where you live!
- **World Ambassadors**: Learn the ropes from a peer selected from last year’s most engaged L-LC students.
- **Community Assistant**: Meet weekly with an upperclass/graduate student to plan or attend social, academic, and community service events.
- **Lead Faculty Member**: Get to know a member of the faculty outside of the classroom at weekly lunches and campus activities.
- **Leadership Opportunities**: Become a World Representative. Go on to assume a campus-wide leadership role.

For more information about the World of Psychology, including classes and activities, or to learn more about the responsibilities of being in an L-LC, please visit our website.
