How to Add News Pages and Stories

How to Remove a Story from the News Landing Page

1. Navigate to your site's News landing page.

2. Click on the Open Image/Text Pairs red dot in the center content area.

3. Click on the new Manage Image/Text Pairs red dot. This will open the Edit Link Element window.

4. Select Remove Items from List from the Edit Link Element menu.
5. **Check the box next to the headline** of the story you want to remove from the News Landing page
