Facilities for Living and Learning

Our unique campus was designed by the renowned architect Edward Durrell Stone and an example of global modernist architecture. State of the art research facilities, education, and library buildings are home to the library, research centers, and academic facilities. There is a museum, sculpture studio, performing arts center, and athletic complex with an indoor and outdoor physical education facility.

Students live in residence halls (quads) and in on-campus apartments. A bus service is convenient to all major shopping malls and downtown Albany.
