Bill 0910-045
Sponsored by: Vice Chair Best
Subject: Speaker Series

Date: October 14, 2009
Committee Vote: N/A
Senate Vote: U/C

Be it hereby proposed that the following be enacted:

Whereas, The Student Association of the University at Albany strives to promote our campus in any positive way possible, while upholding the educational goals this University was founded on and;

Whereas, the success of the inaugural Speaker Series is beyond question, as illustrated by the incredible attendance not only of students, but of University faculty and administration, as well as politicians of local and national prominence and;

Whereas, a public figure as prominent, distinguished and renowned as General Colin Powell speaking to the students of the University at Albany provides positive exposure, prestige, and a unique educational opportunity for the University at Albany community and;

Whereas, the University at Albany and the Student Association are only as great as those persons who work to make the most of every occasion, whether through unquestionable dedication to their duties, through hard work and tireless efforts to complete their tasks, or simply by striving for excellence and;

Whereas, without the enthusiasm and commitment of Programming Director Reuben Ingber and all of the volunteers who supported the inaugural Speaker Series, events like this would be impossible and;

Whereas, it is the sense of the Student Association Senate that, when individuals of such noble devotion and outstanding character are brought to our attention, they should be celebrated and recognized by all the members of the University Community, to use as an example of the kind of excellence University at Albany Students are capable of and a standard we should all hope to match.

Therefore, be it hereby resolved, that as duly elected members of the Student Association Senate of the State University of New York at Albany, on behalf of the entire undergraduate population, we do hereby congratulate and commend Reuben Ingber and all the volunteers responsible for an exceptional inaugural Speaker Series and look forward to the long and successful continuation of this series of events.
