To: Graduate Academic Council

From: Sally Friedman, Chair
GAC Committee on Curriculum & Instruction (CC&I)

Date: October 29, 2008

Subject: Report and Recommendations

Two items of business were considered.

1. School of Business – Request to realign its Accounting programs

2. School of Public Health – Proposal to make modifications to its DPH program

After review and discussion the Committee found it had questions concerning each proposal. These questions were compiled and sent to the originators of the proposals for answers and clarifications. No action was taken concerning either item of business.
