Note: These data are from the National Crime Victimization Survey (NCVS) conducted for the U.S. Department of Justice, Bureau of Justice Statistics by the U.S. Census Bureau. The data presented are estimates based on a continuous survey of a representative sample of households in the United States and therefore are subject to sampling variation. "At school" is defined as in the school building, on school property, or going to and from school. The 2006 NCVS underwent changes in the sample design and methodology that affected the estimates; therefore no 2006 data are included in this table. For more information on the NCVS, see [Appendix 8](#).

^cIncludes rape, sexual assault, robbery, and aggravated and simple assault.

^dIncludes rape, sexual assault, robbery, and aggravated assault. Serious violent crimes also are included in violent crimes.
