Note: See Note, table 3.106. These figures are aggregated from individual State statistics presented in table 3.108. These data include estimated offense totals for agencies submitting less than 12 months of offense reports (Source, p. 449). Complete data for 2002 were not available for Illinois and Kentucky; crime counts for these States were estimated by the Source. For definitions of offenses and areas, see Appendix 3.

<sup>c</sup>The percentage representing "area actually reporting" is based on the population covered by law enforcement agencies providing 3 or more months of crime reports to the FBI.
