Note: See Note, [table 3.106.2003](#). These figures are aggregated from individual State statistics presented in [table 3.108.2003](#). These data include estimated offense totals for agencies submitting less than 12 months of offense reports (Source, p. 491). Complete data for 2003 were not available for Illinois and Kentucky; crime counts for these States were estimated by the Source. For definitions of offenses and areas, see [Appendix 3](#).

<sup>b</sup>The percentage representing "area actually reporting" is based on the population covered by law enforcement agencies providing 3 or more months of crime reports to the FBI.
