Note: These data were compiled by the Federal Bureau of Investigation through the Uniform Crime Reporting (UCR) Program. On a monthly basis, law enforcement agencies (police, sheriffs, and State police) report the number of offenses that become known to them in the following crime categories: murder and nonnegligent manslaughter, forcible rape, robbery, aggravated assault, burglary, larceny-theft, motor vehicle theft, and arson. A count of these crimes is taken from records of all complaints of crime received by law enforcement agencies from victims or other sources and/or from officers who discovered the offenses. Whenever complaints of crime are determined through investigation to be unfounded or false, they are eliminated from an agency's count (Source: http://www.fbi.gov/ucr/cius2007/about/table_methodology.html). These data include estimated offense totals (except arson) for agencies submitting less than 12 months of offense reports (Source, Table 5). For definitions of offenses and areas, see [Appendix 3](#).

^aIncludes offenses reported by the Zoological Police and the Metro Transit Police.

^bComplete data were not available for Illinois; State totals were estimated by the Source.

^cThe data collection methodology for the offense of forcible rape used by the Illinois and the Minnesota State UCR Programs (with the exception of Rockford, IL, and Minneapolis and St. Paul, MN) do not comply with national UCR guidelines. Consequently, their figures for forcible rape (with the exception of Rockford, IL, and Minneapolis and St. Paul, MN) have been estimated for inclusion in this table.
