Note: These data include law enforcement officers killed or assaulted in the line of duty who were employed by the U.S. Departments of Homeland Security, the Interior, Justice, and the Treasury; the U.S. Capitol Police; and the U.S. Postal Inspection Service. These Federal entities employ the majority of the personnel responsible for protecting government officials, and enforcing and investigating violations of Federal laws. The Federal Bureau of Investigation's Uniform Crime Reporting Program annually contacts these departments and requests information on officers who were killed or assaulted in the line of duty. All assaults and threats of assault are included in the analysis even if no injury to an officer resulted, as are assaults that resulted in the death of an officer (Source: **2010**, [Online]. Available: <http://www.fbi.gov/about-us/cjis/ucr/leoka/leoka-2010/methodologyfederal-2010>).

Beginning in 1984, data include assaults on officers of the U.S. Capitol Police. Data for this agency are not available for years prior to 1984. Beginning in 1991, assault statistics from the Bureau of Prisons, Executive Office for United States Attorneys, and the judicial branch were no longer collected. Therefore, data from 1991 and beyond are not directly comparable with preceding years. Some data have been revised by the Source and may differ from previous editions of SOURCEBOOK.

<sup>a</sup> Does not include 1988 data from the Bureau of Prisons where 23 officers were assaulted with weapons and 123 without weapons.

<sup>b</sup> No reports concerning assaults on Bureau of Indian Affairs officers were received for 1991, 1995, and 2003. The data for 1991 do not include 96 National Park Service victim officers and 4 Immigration and Naturalization Service victim officers for whom type of weapon was not reported. Data for 2003 were not available from the Bureau of Immigration and Customs Enforcement.

<sup>c</sup> Data reported by the Immigration and Naturalization Service include the Border Patrol Division only.

<sup>d</sup> Deaths of two Federal officers resulting from the events of Sept. 11, 2001 are not included.

<sup>e</sup> Prior to 2003, data were not collected from the U.S. Fish and Wildlife Service.

<sup>f</sup> Due to changes in reporting practices by the Bureau of Customs and Border Protection, figures are not comparable to previous years' data.

<sup>g</sup> Prior to 2007, data were not collected from the Bureau of Land Management.

<sup>h</sup> Beginning in 2006, "threat" is no longer collected as a type of weapon.
