Note: See Note, table 6.74.2006.

^aFor States that did not report HIV/AIDS cases by sex, estimates were made by applying to the total the percentages by sex from the most recent year for which data were available. Estimates do not include data from States that did not report sufficient data on HIV/AIDS cases. For 2006, estimates of the number of inmates with HIV/AIDS by sex for New Mexico are included.
