Note: These data were collected by the U.S. Department of Justice, Bureau of Justice Statistics (BJS) through the National Prisoner Statistics (NPS-1) program. The NPS-1 program collects year-end counts of prisoners from the 50 States and the Federal Bureau of Prisons. These data represent the custody population, which includes only those prisoners housed in a jurisdiction's facilities. Some data have been revised by the Source and may differ from previous editions of SOURCEBOOK.

^aExcludes data for States that did not report HIV/AIDS cases by sex: Indiana.

^bCounts for 2008 may not be comparable to previous years due to implementation of a new record-keeping system.
