

Learn how to use MDS 2.0 effectively in care planning for your residents. This workshop is appropriate for experienced professionals who want a better understanding of using MDS 2.0 and RAPs in care planning.

Workshop Topics

- In-depth information on MDS 2.0, including scheduling.
- How RAPs and care planning fit into the whole Resident Assessment Instrument process.
- How RAPs are triggered.
- The steps in researching a RAP.
- Requirements for successful RAP documentation.
- Effective care planning.
- Questions and answers – session size limited to allow for answers to your questions.

Taught by experienced nursing home professionals with hands-on MDS experience.

Who Should Attend

This training is designed for long-term care professionals who are familiar with MDS 2.0. Interdisciplinary team members are encouraged to attend to get the complete picture of RAPs and care planning.

Note: A workshop, MDS 2.0 – The Basics, is being offered this fall for those who are new to MDS 2.0 or have little experience with it.

MDS 3.0

We will be offering training on MDS 3.0 once the final form and manual are released. In the meantime, you need to understand how to complete MDS 2.0 accurately.

Registration Information

\$160 per person. Fee includes RAPs reference guide, handouts, coffee breaks, and lunch. *Payment must accompany registration.*

Special Group Sessions

Groups of 35 or more may save money by arranging a special training session. Call the School of Public Health at 518-402-0330 for details.

Register by Mail

Enclose a check payable to the University at Albany/SUNY with your completed registration form and mail to:
