Objectives

At the end of the webinar, participants will be able to:

- Describe the three tiers of revised Core Competencies for Public Health Nursing.
- Compare the 2012 Core Competencies for Public Health Nursing with the 2003 PHN competencies.
- Identify implications of the revised Core Competencies for Public Health Nursing for education, leadership, practice, and research.
- Apply the Core Competencies for Public Health Nursing to public health practice.
- Discuss how the Core Competencies for Public Health Nursing contribute toward achieving advanced public health nursing certification.
- Relate the Core Competencies for Public Health Nursing in Tiers 2 & 3 to public health accreditation.

When?

Tuesday, July 24th
1pm – 2:30pm

What are we covering?

- The revised Core Competencies for Public Health Nurses (CCPHN) by the Quad Council.
- An outline of desired competencies for public health nurses at three levels:
  — The generalist or staff level;
  — The specialty or mid-level; and
  — The advance or systems-level of practice.
- An outline of the 8 domains of the core competencies.
- The utility of the core competencies for education, practice, research and administration.
- How the CCPHN can be used to prepare for advanced practice certification and for agency accreditation by the Public Health Accreditation Board.
