*Registration and payment information below.

Assemblyman Richard Gottfried represents the 75th Assembly District, covering Chelsea, Clinton, Murray Hill, Midtown, and part of the Lincoln Center area in Manhattan. He is the chair of the Assembly Health Committee, and was a major architect of New York’s landmark managed care reforms, and continues to fight for stronger protections for consumers and healthcare providers and public support for universal access to quality, affordable health care. Highlights of his legislative work include: creation of Prenatal Care Assistance Program for low income women; Child Health Plus Program; the Physician Profiling Law; Family Health Plus; the Health Care Proxy Law; and the HIV Testing and Confidentiality Law.

Senator Kemp Hannon represents the 6th District from Nassau County and was elected to the State Senate in 1989 after serving in the State Assembly. He is chair of the Senate Health Committee. Well respected and highly regarded nationally as an expert in the health care industry, he provides legislative support for public health specialists through the Leaders of Tomorrow Program. He also chairs the Senate Task Force on Medicaid Reform. Senator Hannon is recognized as the principal architect of the New York Health Care Reform Act (HCRA), legislation which vastly improves all aspects of health care delivery and financing for all New Yorkers. Senator Hannon is an active member of the National Conference of State Legislature’s Health Forum.

We thank Breakfast Series Sponsors and Friends of the Institute for support of these programs.
