Avian Influenza: Pre/Post Test and Evaluation

1. The typical incubation period for Type A Influenza is…
   a. 2 days
   b. 1 week
   c. 10-14 days
   d. 2-4 weeks

2. Which of the following should be primary components of the response to pandemic avian influenza?
   a. Surveillance
   b. Vaccination
   c. Antiviral drug administration
   d. Maintenance of quality medical care

   Select answer below:
   1. B
   2. A & B
   3. A, B & C
   4. All (A, B, C & D)

3. In a widespread avian influenza crisis, which of the following groups is most likely to be vaccinated first?
   a. Persons in the most vulnerable groups (e.g. the very young and the elderly)
   b. Persons in the most critical occupations
   c. Persons holding political office
   d. Immuno-compromised patients

4. The mortality rate for persons who have been diagnosed with H5N1 bird flu is approximately….
   a. 25 percent
   b. 50 percent
   c. 75 percent
   d. 100 percent

5. Waterfowl infected with Type A influenza excrete large amounts of the virus into water.
   a. True
   b. False
6. Domestic birds (e.g., chickens, turkeys) infected with Type A influenza virus rarely become ill with the virus.
   a. True
   b. False

7. Strategies for the treatment of patients with possible avian influenza include which of the following?
   a. Persons who present with a cough are immediately masked
   b. Suspected flu patients are segregated from the main waiting area
   c. The patient waiting area and the area for family conferences are separated.
   d. Infection control staff are notified
   e. All of the above

8. Media messages during an avian flu pandemic should not include which of the following:
   a. An admission of uncertainty
   b. A statement that the public’s concern is legitimate
   c. A statement that hand-washing, respiratory hygiene and wearing of masks are proven strategies for preventing avian flu

   Please select answer below:
   1. A
   2. B
   3. C
   4. All of the above

Program Evaluation
For the following items, please check the box that best rates your level of agreement for the following statement using this scale:
1= Strongly Disagree
2= Somewhat Disagree
3= Neither Agree nor Disagree
4= Somewhat Agree
5= Strongly Agree

<table>
<thead>
<tr>
