## DISCOVER PUBLIC HEALTH!

*Our graduate programs prepare students to help improve lives and protect the health of communities through education, promotion of healthy lifestyles, and research for disease and injury prevention. Our internship program is the most extensive in the nation and our job placement rate is 93 percent. Come find out why the UAlbany School of Public Health is the place for you!*

### Graduate Degree Programs

Biomedical Sciences (MPH, MS, PhD)  
Biostatistics (MPH, MS, PhD)  
Environmental Health Sciences (MPH, MS, PhD, DrPH)  
Epidemiology (MPH, MS, PhD, DrPH)  
Health Policy and Management (MPH, DrPH)  
Social Behavior and Community Health (MPH, DrPH)
