Is there a Social Worker in the House?

Strong Practices in the Challenging and Rewarding Role of Social Work Practice in Healthcare

Presented by: Sheryl A. Fowler, LCSWR, Kathryn Kelts, LMSW, Patricia Kidder, LCSW-CSWHC CCM, Tess Thierbecker, LMSW-OSW-C

Thursday, August 13
9:00-12:00

UAlbany School of Social Welfare
Downtown Campus
135 Western Ave

Geared to beginning to mid-level professionals, this workshop will provide an overview of patient centered approaches for Social Workers to employ in Inpatient and Outpatient Medical settings. Strategies to promote wellness, self-determination and empowerment for clients within this fast-paced and rapidly changing system will be discussed. Topics will include advanced directives, working with specialty populations and the integration of the medical home model.

**Learning objectives:**

- To understand the theories and strategies of social work practice relevant to medical social work settings.
- To gain knowledge and skills on meeting the challenges of specialty populations within healthcare.
- To gain a greater understanding of the role of Social work within an inpatient hospital setting, including interdisciplinary team functioning and long term care planning, and information about resources relevant to the role.
- To gain an understanding of the resources relevant to the practice of medical Social work role in outpatient settings, including overview of patient centered care approaches, and advanced directives.

This program is free of charge. However if you would like to receive Social Work Continuing Education hours, there is a cost of $60/ $30 for SSW field instructors.

This event is approved for 3 CE hours.
