I am aware of the SSW Standards for Social Work Education and to adhere to the standards. I understand that information about my academic and professional experiences will be shared with the field placement agency. If I request to have the Field Office find my placement, I will accept the field placement assigned. I am aware that many agencies require criminal background checks, child abuse registry clearance and/or medical clearance documentation (i.e. drug testing, TB and Hepatitis-B screens) prior to students being accepted in placements. Declining an agency’s request for a criminal background check or health screening is likely to limit my placement options or lead to my not being placed. I have read the 2nd Field Placement Required Field Reading and abide by the terms.
