How to Apply

Applying to be in an L-LC is easy!

The Living-Learning Community application is part of the University at Albany’s housing application process, available through your MyUAlbany account.

- Select the community you would like to join from the list
- Select your potential major (including “undecided”), so we can be sure the L-LC is a good fit for you
- Tell us why you would like to be a member of the L-LC you have chosen and how you can contribute to that particular community

Students who are selected to be members of their chosen L-LC will be notified via university email beginning in late June.

World of Global Medicine and Human Rights

“Living with other motivated freshmen, who have similar interests and courses, puts L-LC students on a team where they can bring out the best in each other right from the start.”
- Shane O’Neill, Community Assistant

UNIVERSITY AT ALBANY
State University of New York

Learn Where You Live
Recent national studies have shown that living-learning communities positively impact student success!

**World of Global Medicine and Human Rights**

The World of Global Medicine and Human Rights is a community for biology, pre-health and public health majors. It is especially great for students interested in health care professions (medicine, physician assistant, physical therapy, nursing). Connect with members of the Global Institute for Health and Human Rights to participate in activities such as:

- Guest visits by professionals involved in research, training, advocacy and fieldwork in areas such as HIV research and training, newborn health in developing countries, death with dignity and refugee camp issues.
- Skype globally on international research collaborations
- Form study groups with your friends
- Community Service
- Social gatherings with your L-LC friends
- An opportunity to be involved in an internship
- Network with pre-med students and medical professionals

**Living**

As a member of the World of Human Biology you will **live with other incoming freshmen who share your interest** in the sciences.

**Learning**

You will **take one or two of your classes together** in the fall and spring semesters of your freshman year, and attend co-curricular events together as a community.

**Community**

As a member of an L-LC you will have a built-in community of friends and colleagues right from the start!

**Friends:** Study and socialize with fellow L-LC members. Tackle those first-year courses with your friends by forming study groups where you live!

**World Ambassadors:** Learn the ropes from a peer selected from last year’s most engaged L-LC students.

**Community Assistant:** Meet weekly with an upperclass/graduate student to plan or attend social, academic, and community service events.

**Lead Faculty Member:** Get to know a member of the faculty outside of the classroom at weekly lunches in your own dining hall!

**Academic Advisor:** The World of Global Medicine and Human Rights has its own Academic Advisor to help you make the most of your UAlbany experience.

**Leadership Opportunities:** Become a World Representative. Go on to assume a campus-wide leadership role.

**Responsibilities of an L-LC Member**

- Register for the designated L-LC classes
- Attend lunch with the lead faculty member and weekly L-LC meetings/activities with the Community Assistant
- Participate in fun All-World Events with the other L-LCs (typically two per semester).
- Perform community service with your L-LC each semester
- Be a vital and engaged member of the University at Albany community

For more information about the World of Global Medicine and Human Rights, including classes and activities, or to learn more about the responsibilities of being in an L-LC, please visit our website.
