“Explore UAlbany 2” Keeps Our Newest Students Engaged All Semester Long!

Explore UAlbany 2 is one of the numerous programs designed by the Office of Student Engagement, and supported by New Student Programs, to help our newest Great Danes succeed. This series of programs introduces students to information about important campus resources that make the transition to college life a little easier. Boasting attendance of more than 450 attendees overall, this series of programs was a huge success!

Students attending each of these programs entered a raffle to win a $50.00 Visa gift card, all of which were generously provided by SEFCU. Attendees were also provided with refreshments, courtesy of University Auxiliary Services. The Office of Student Engagement wishes to thank these two organizations for their continued support and generosity toward the newest members of the University at Albany community!

Explore UAlbany 2 programs were held on nine different Friday afternoons over the course of the fall semester. Their topics ranged from helping students learn where to turn for academic advice, providing information about ways to be financially intelligent, studying abroad, helping students identify plagiarism, and more!
