“Transfer Orientation should include more information about life on campus.”

**We Responded:**

Transfer Planning Conference was reorganized based upon student feedback.

**The Results:**

The results of the 2010 Benchmarking survey show an increase in student satisfaction, 68.96% of students reported that they enjoyed their experience at orientation. This is higher than in 2008 (52.09%), and the national average (67.38%).

**Improving Experiences**

Methodology: 696 Respondents to the Orientation Consortium survey administered electronically through CampusLabs between September 27, 2010 and October 22, 2010.
