Please comment on the student’s general ability and motivation for studying abroad, emotional maturity and stability, and/or the ability to function in a foreign environment. Critical success factors for international study candidates include the ability to work independently, relate to others, as well as the ability to read and converse in a foreign language (as appropriate to the program and/or destination). Please indicate how you know the candidate and rate his/her academic scholarship (continue as needed on second page).

Name of Scholarship Applicant: _____________________________________________________

(SUNY College attended: ________________________________________________________
