Introduction	1
Educating All the People	1
Purpose and Scope of This Report	3
What Is Student Development and How Does It Happen?	7
What Are the Critical Competencies?	7
How Do the Critical Competencies Develop?	9
The Role of Students' Active Involvement	21
Conditions for Educational Quality: A Summary	23
The Curriculum: Framework for Development	25
Design of the Curriculum: Focusing on Students' Development	26
Effects of the Curriculum's Courses	30
Overall Effects of the Curriculum	32
Conclusions	34
Instruction: Teaching, Testing, and Communicating Outcomes	37
What Do We Teach and What Do They Learn?	37
What Do Classroom Tests Measure?	60
What Do Grades Tell Us? Do Grades Affect Outcomes?	66
The Campus Climate: Context for Development	73
Climate and Student Development	73
Integration into the Community and Involvement	74
Commuter and Part-time Students	76
Students' Involvement with Faculty	76
The Climate for Women and Members of Minority Groups	77
Conclusions	85
Academic Advising: Guiding Development	87
Developmental Advising: Keystone of Educational Quality	88
How Good Is Our Advising?	90
The Necessity for Training	91
Evaluation, Recognition, and Reward	92
Conclusions	92
Can Today's Students Learn? Achieving Success With High Standards for All	95
Solving the Two-Sigma Problem	96
Success in Mathematics for Minority Students	98

Graduate Professional Schools: Admission and Graduation for Minority Students	100
Educational Effectiveness and Efficiency	100
Conclusions	103
Improving Quality: The Need for a Sea Change	105
1. Clear Missions and Goals: Setting High Expectations, Focusing Effort, Reducing Waste	107
2. Knowledge of Results: Using Systematic Assessment To Create a Culture of Evidence	109
3. Coherent Curricula: Integrating Development	110
4. Research-Based Methods of Instruction: Doing What Works	113
5. Campus Climate: Beginning in the Classroom	118
6. Learning to Learn: Strategies that Work	118
7. Developmental Academic Advising: Building Supportive Relationships	120
Conclusions	121
Producing Results: Leadership for Quality	123
Managing for Quality	123
Using Research to Improve Quality	124
Adequate Resources: The Cost of Waste	127
Our Standards: Setting High Expectations For Ourselves	129
Being Clear about Purpose: What Business Are We In?	131
Who Owns These Problems? Management's Role of Leadership	132
Professional Development: Prerequisite of Quality	134
Management Development: Enhancing Leadership	135
Faculty Development: Foundation for Student Development	139
Conclusions	143
A Call to Action: A New Kind of Community	145
