Contents

Preface ix

Acknowledgments xix

Part One: Becoming a Scholar

1. Deciding on an Academic Career 3

The advantages and disadvantages of academic life
• Academic salaries • Academic freedom • The personality traits
of successful graduate students

2. Entering Graduate School 18

Differences between undergraduate and graduate training
• Preconditions for a graduate education • Questions to ask
yourself • Financial considerations • Picking the right school
• Specialization • Knowing whether you've made the right
career choice

The Inside Track: Financing Graduate Education

by Tom Thuerer 30

3. The Mentor 44

The role of the mentor • Finding a mentor • The mentoring
commitment

4. Writing a Dissertation 54

Prerequisites • The dissertation requirement • Choosing a topic
• How long it takes to write a thesis • Becoming discouraged
and persevering

5. Landing an Academic Job 66

Preparing to enter the academic job market • Presenting a paper at a conference • The job search • How to read job advertisements • Assembling the dossier • Application letters • Letters of reference • The c.v. • Interviews at national meetings • What should be avoided • Applying as a couple • The short list • The campus visit • The job talk • Rejections • How long to keep trying • Receiving and evaluating offers • Negotiating the terms of the appointment • The “two-body” problem • Multiple offers

The Inside Track: Leaving Academia for the Corporate World
by Ami Kronfeld 126

Part Two: The Academic Profession

6. The Life of the Assistant Professor 135

Beginning the first job • Juggling responsibilities • Sorting out priorities • Committees and commitments • Keeping tenure in view • Getting along with colleagues • The institutional bureaucracy • Departmental politics • Getting involved in institutional change • Long-term goals • Family considerations • Job satisfaction

7. Teaching and Research 161

What teaching is all about • Expectations at research universities • Expectations at teaching institutions • Preparing a syllabus • Learning how to teach • Exams and writing assignments • The first day of class • Evaluating students' work • Evaluating your own teaching • Teaching at the graduate level • Plagiarism and other ethical issues • Making life easier on yourself • “Publish or perish” • Beginning to publish • Finding the right journal • Submitting the article • The editor's decision • Referee reports • Coauthoring • Publishing a book • Getting grants • Surviving writer's block

The Inside Track: Publishing the First Book
by Colin Day 205

8. Tenure 210

Why tenure exists • The tenure review process • Evaluation criteria • Attacks on tenure • Being denied tenure • Opportunities outside academia

9. Competition in the University System and Outside Offers 225

The forces of competition • Mobility and loyalty • Junior and senior hires • Outside offers as a way to move up

The Inside Track: Consulting and Intellectual Property
by Pierre Laszlo 234

10. Family, Gender, and the Personal Side of Academic Life 236

Effects on family • Shared appointments • Discrimination in academia • Sexual harassment and consensual relationships

11. Conclusion 252

Appendix 1: The Administrative Structure of a University 257

Appendix 2: Policies on Parental Leave and Shared Positions 266

Appendix 3: Tables 272

Notes 277
