Marketing and Promotion Feedback- UAS and UAAlbany Dining
- Michelle Bowen, UAS Senior Director of Marketing & Communications and Tracy Baker, UAAlbany Dining Marketing Director, asked students about the dining events that have taken place in the dining rooms and retail venues such as Bodacious Burgers, Global Chef events and theme nights this year.
- ASDAC members filled out a form indicating if they were aware of these events and if they had participated in them.
- ASDAC members reviewed signage from this year’s events to determine what kind of fliers/posters students liked better and what attracted their attention the most.
- Student feedback regarding events included:
  - Promoting special events to on-campus apartment students
  - Ensuring vegan/vegetarian options are available as part of at least some of the events
  - Student suggested holding events that require extra swipes or Munch Money payments (such as Bodacious Burgers) earlier in the semester when students have higher Munch Money balances.

ASDAC Executive Leadership Group Information
- Handout
- QR Code to selection form:

Mystery Shop Program Updates
- Hand Out Spring Mystery Shop Guidelines
