

May 1, 2007

Dear UAS Program Committee:

The Employee Assistance Program (EAP) Committee and I would like to thank you for the supplemental funds grant of \$300.00. Your generous donation towards the catering of the "Spring into Wellness" Fair held on April 26th is greatly appreciated. This year's wellness fair was a successful venture. We have received wonderful feedback on the event. Your contribution helped us to make it all happen!

The overarching goals of UAlbany's EAP are to offer support to University employees and to promote a healthy state of mind and well being – both in and out of the workplace. Through its efforts, EAP strives to provide quality health, wellness, and self-enrichment programs to the University's valued employees and their families.

Thank you again for supporting the Employee Assistance Program's work on the UAlbany campus. We appreciate your involvement.

Kind Regards,

Brenda Seckerson, MA
EAP Coordinator
