Determine whether the following system is consistent. (You do not need to completely solve it.)

\[
\begin{align*}
2x_1 & - 4x_4 = -10 \\
3x_2 + 3x_3 & = 0 \\
x_3 + 4x_4 & = -1 \\
-3x_1 + 2x_2 + 3x_3 + x_4 & = 5
\end{align*}
\]
